

PRASHANT SANJAY PAWAR

Software Engineer

+91 8459179752 | prashantspawar07@gmail.com | github.com/prashants-07 | linkedin.com/in/prashants07

PROFESSIONAL SUMMARY

Software Engineer with hands-on experience designing, developing, and deploying scalable web applications using Java, Spring Boot, Angular, and SQL. Strong grounding in SDLC, RESTful APIs, and database management, with a track record of resolving complex technical issues and delivering on schedule within agile teams. Recently expanded into operations and HR coordination, strengthening cross-functional communication and process-management skills.

PROFESSIONAL EXPERIENCE

Operations Coordinator — DMC Finishing School Pvt. Ltd., Pune

Apr 2026 – Present

- Manage daily operations and coordinate between trainees, HR, and management, including attendance/leave tracking and accurate daily, weekly, and monthly MIS reporting.
- Resolve trainee grievances and support HR operations such as onboarding, documentation, and payroll/stipend assistance.
- Coordinate with shop-floor teams on safety (PPE) and organizational-policy compliance while managing trainee communication channels.

Full Stack Engineer — Growingflowers Software Solutions LLP, Pune

Apr 2025 – Jan 2026

- Developed and maintained end-to-end web applications using Java, Spring Boot, Angular, and SQL, designing RESTful APIs for seamless client-server integration.
- Improved application performance by optimizing backend queries, reducing response time by 25%.
- Collaborated with cross-functional teams to deliver project modules on schedule and provided post-deployment production support.

Web Developer Intern — SecureUp, Pune

Jan 2025 – Jun 2025

- Built responsive UI components using HTML, CSS, and Angular, and assisted backend development with Spring Boot and SQL.
- Managed Git-based version control, resolved technical bugs, and delivered assigned modules within strict deadlines.
- Maintained clear project documentation and coding-quality standards throughout the internship.

PROJECTS

Online Insurance Portal

Feb 2024 – May 2024

Tech Stack: Java, Spring Boot, SQL

- Designed a web-based insurance comparison and policy management system enabling online application and claims.
- Implemented secure user data handling, policy storage, and backend logic for plan comparison and eligibility filtering.
- Delivered the platform end-to-end, from requirements through deployment, as part of a small development team.

Student Result Management System

Jan 2022 – Mar 2022

Tech Stack: Java, SQL

- Automated subject-wise mark entry, result generation, and pass/fail calculation, cutting manual effort by ~40%.
- Generated structured performance reports to support efficient academic analysis.
- Implemented pass/fail calculation logic to handle subject-wise grading rules accurately.

TECHNICAL SKILLS

Programming & Backend: Java, Spring Boot, JDBC, Servlets, Hibernate

Frontend: Angular, HTML5, CSS3

Database: SQL, MySQL

Concepts & Tools: OOP, SDLC, REST APIs, MVC Architecture, Git, Version Control

EDUCATION

Master of Computer Applications (MCA) — MIT World Peace University, Pune

2023 – 2025

Bachelor of Computer Applications (BCA) — Savitribai Phule Pune University, Pune

2019 – 2022

CERTIFICATION & LEADERSHIP

- Full Stack Developer Certification, Vertex IT Services — Core Java, Multi-threading, JDBC, JSP, Servlets, Spring, Hibernate, SQL; built real-time web applications.
- Track Incharge, Codeathon 2024 (Vertex IT Solutions) — managed the technical track and ensured smooth event execution.
- Active Volunteer — SLDP, RIDE, BCS & Agneyam university-level technical and cultural initiatives.
